LETTER OF TRANSMITTAL

To the School Committee of the City of Boston:

In compliance with the Rules of the School Committee, I submit herewith the budget for the fiscal year 1960 to provide for General School Purposes of the Boston Public Schools and the appropriations for the Department of School Buildings which provide for the cost of construction and furnishing of new school buildings, including the taking of land therefor, and for the cost of the alteration and repair of school buildings.

The appropriating power of the School Committee is limited by Chapter 117 of the Acts of 1949. (See page 5.)

For the calendar year 1960, Chapter 117 of the Acts of 1949 has the following effect:

(a) The sum of \$711,172, plus any unexpended appropriation balances in this category, may be appropriated for the construction and furnishing of new school buildings.

(b) The sum of \$2,417,984, plus any unexpended appropriation balances in this category, may be appropriated for the alteration and repair of school buildings.

The basis for the appropriating power for 1960 under (a) and (b) above is \$1,422,344,633, representing the average of the assessors' valuations for the three preceding years, such valuations being reduced by abatements granted up to December 31, 1959.⁽¹⁾

(c) The sum of \$21,200,000, supplemented by amounts appropriated by the City Council upon recommendation of the Mayor, plus any unexpended appropriation balances in this category, plus estimated income for 1960, may be appropriated for all other school purposes. It should be noted that the sum of \$2,012,398 which is credited to the School Committee for 1960 under General Laws, Chapter 70, is to be specified separately from the amount to be raised by local taxation for the support of schools, thereby reducing the latter amount.

The following is a comparative summary of total appropriations for All School Purposes for 1959 and 1960:

	Total Appropriations for 1959	Appropriations Made by School Committee for 1960	Appropriation Passed by City Council for 1960	Total Appropriations for 1960	Increase or Decrease * 1960 from 1959
<i>School Committee</i>					
General School Purposes . . .	\$31,518,162 00	\$22,642,671 96	\$9,849,027 04	\$32,491,699 00	\$973,537 00
<i>Department of School Buildings</i>					
Alterations and Repairs . . .	2,000,000 00	1,275,000 00	—	1,275,000 00	725,000 00*
Land and Buildings . . .	104,000 00	90,108 60	—	90,108 60	13,891 40*
Total for All School Purposes . . .	\$33,622,162 00	\$24,007,780 56	\$9,849,027 04	\$33,856,807 60	\$234,645 60

(1) Exclusive of the valuations and abatements of motor vehicles.

On February 1, 1960, there were under the direct control of the School Committee 5,473 employees, including temporary and substitute teachers and other temporary employees. The Department of School Buildings, which had 63 employees on February 1, 1960, is responsible for the proper maintenance of 207 buildings in the City of Boston. The number of buildings includes two Administration Buildings, the Supply Room of the School Department and the building occupied by the Department of School Buildings.

Educational facilities were afforded 88,786 day school pupils belonging on September 30, 1959; 5,923 evening school pupils belonging on October 30, 1959; and 3,164 summer school pupils belonging on August 6, 1959.

Respectfully submitted,

Business Manager.

Chapter 117 of the Acts of 1949 now in effect provides as follows:

"SECTION 1. Chapter 224 of the acts of 1936 is hereby amended by striking out section 2, as amended by section 1 of chapter 167 of the acts of 1948, and inserting in place thereof the following section: Section 2. The school committee of the city of Boston may annually, beginning with the financial year nineteen hundred and forty-nine, by vote of four fifths of all its members, taken by yeas and nays, make appropriations to be raised by taxation as follows:

(a) For the construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations, a sum which shall not exceed fifty cents on each one thousand dollars of the average of the assessors' valuations for the three preceding years, such valuations being reduced by abatements granted up to December thirty-first of the preceding year;

(b) For the alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards, a sum which shall not exceed one dollar and seventy cents on each one thousand dollars of the average of the assessors' valuations for the three preceding years, such valuations being reduced by abatements granted up to December thirty-first of the preceding year; and

(c) For all other school purposes, the sum of nineteen million nine hundred and seventy-five thousand dollars.

Unexpended appropriation balances may be reappropriated for their respective purposes; and, in addition to the sum specified in clause (c), an amount equal to the money that may be given, and the income collected for school purposes, as estimated by said committee, may be appropriated for the purposes of clause (c). Nothing in this section shall be construed as authorizing said school committee to appropriate sums distributed or distributable under chapter seventy of the General Laws, which sums constitute general revenues of said city.

Nothing in this section shall prevent the mayor, on request of the school committee, from recommending and the city council from passing additional appropriations for school purposes.

"SECTION 2. Section 2 of chapter 224 of the acts of 1936, as amended by section 1 of this act, is hereby further amended by striking out, in the first sentence, clause (c) and inserting in place thereof the following clause:

(c) For all other school purposes, the sum of twenty-one million two hundred thousand dollars.

"SECTION 3. So much of section five of chapter two hundred and forty-one of the acts of eighteen hundred and seventy-five, as amended, as provides that the salaries of teachers in the public schools of said city shall not be increased during a school year, shall not be operative in the current school year with respect to any salary increase which is to take effect on or after July first in the current year.

"SECTION 4. This section and sections one and three of this act shall take effect upon the passage of this act. Section two of this act shall take effect on January first, nineteen hundred and fifty."

Approved April 4, 1949.
